

2022 Fellowship Application

Program Dates:

February 9th - June 29th 2022

PROGRAM ELEMENTS

The **Cause Effective Fellows Program: Advancing Leaders of Color in Fundraising** concentrates both on hard and soft development skills (such as building the development team, major gifts and workload management), combined with a focus on interventions to address your needs as a person of color in the nonprofit sector. With an emphasis on raising up the biases facing development professionals of color, this program will help participants manage scenarios that emerge within their role as it intersects race and class dynamics.

Led by expert nonprofit professionals, participants will experience workshops aimed at enhancing your ability to work with stakeholders at all levels: the executive director, board of directors, staff and donors. The program will also strengthen your skills acquisition within areas such as major gifts, workload prioritization and work-life balance, communications and case for support, building your development team, and more.

Each participant will be assigned to a coach to work on customized professional goals throughout the course of the program. Participants will also have access to an Advisory Council of experienced nonprofit leaders who will serve as mentors and be available as a resource.

ABOUT CAUSE EFFECTIVE

For nearly four decades, **Cause Effective** has transformed thousands of nonprofit organizations and those who lead them by partnering with mission-driven leaders to achieve social change. We work with leadership to develop, employ, and expand effective fundraising, governance and organizational strategies to advance equity and justice.

In 2018, we took on an initiative to examine the barriers to success of professionals of color in fundraising. The resulting report, **Money, Power and Race: The Lived Experience of Fundraisers of Color**, reflects participants' narrative that while that diversity matters in the nonprofit sector, people of color need to be skilled not only with fundraising acumen, but also have the awareness and tools to navigate the intersectional dynamics of power, race and class that are endemic to fundraising encounters.

As a follow-up to the report, the team at Cause Effective wanted to do more to encourage systemic change to support the entry, retention, promotion, satisfaction and success of professionals of color in fundraising. **Cause Effective Fellows Program: Advancing Leaders of Color in Fundraising** is the result.
